

European Payment Institutions Federation

Membership Form 2015

EPIF is unique – we are the only body representing payment institutions at European level. Our strength lies in our members, and in our commitment to promoting their interests by providing regulatory updates and taking a proactive role in furthering the development of the payment institution sector. Discover 5 reasons to join EPIF:

- **Directly shaping the regulatory debate**

Joining EPIF gives you the opportunity to make your voice heard. We influence European policy through the submission of position papers, face-to-face meetings with the European Commission, the European Parliament, and Member State officials, the European Central Bank and the European Banking Authority, consultation responses and a proactive outreach strategy to all European stakeholders.

Files closely monitored and acted upon by EPIF include the Anti-Money Laundering rules, the European Commission's Green Paper on innovative payments, the draft Data Privacy Regulation, the standard setting work of the European Payments Council as well as the Euro Retail Payments Board, work on the Single Euro Payments Area, and the safety of internet payments.

- **Obtain key intelligence information**

As a member of EPIF, you will receive regular information on the payment institution sector at EU level. Our dedicated Secretariat keeps members informed of policy developments, news, events and publications through regular email updates and analysis.

- **Access a powerful network**

Through the active Technical Committee experts from our membership meet regularly to exchange views, form common positions, exchange best practice and provide a wealth of information.

Members also have access to the Members Area of our website where they can read and download the latest documents EPIF produces.

- **Increase your visibility**

Membership of EPIF gives you access to a platform to ensure your voice is heard in Europe. Your logo, events and documents can be placed on the EPIF website, in our marketing material and at our events.

- **Be a part of a fresh, dynamic organisation**

In its first years, EPIF has achieved a lot, and is still achieving. Our member base is evolving, we have responded to key EU consultations, we are active in the work of the European Payment Council and the Euro Retail Payments Board, we have an established network of high level contacts and we are actively becoming involved in new regulatory and policy initiative impacting the European payments sector.

Yes, I would like my organisation to join EPIF under the following category:
